OPEN FORUM/PUBLIC PARTICIPATION

Mayor Tarr opened the floor for public participation.

- Ms. Barbara Thackray from Coley's Lane, asked Council for help with drainage issues behind her property along Coley's Lane and Circle Drive. She presented Council with a letter that she read and a map showing the glade, drainage and ditch issues. She feels that the grade on her property and adjacent affected properties should be restored.

Councilman Taylor asked if the drainage was a Town easement.

Ms. Thackray was unsure. She further explained the map.

Councilman Taylor advised that the Town has to find out if there is a drainage easement. He feels that if there isn't, there probably should be.

There was discussion between Councilman Taylor and Roads Supervisor Fitchett regarding the drainage along Deep Hole Road and Chicken City Road.

Mayor Tarr stated that he will ask Public Works Director Spurlock and Roads Supervisor Fitchett to investigate this matter and report back to Council at the next meeting.

- Mr. Ray Rosenberger thanked the Eastern Shore Post and would like to see the Eastern Shore News and Beacon will follow suit. He advised that the Tidewater Emergency Medical Council recognized Mr. Bryan Rush as a stellar performer/leader for the Tidewater region. He stated that it was well deserved.

- Mrs. Mitzi Fitchett discussed the bicycles, mopeds and golf carts on the causeway. She expressed her extreme concerns as there could be a fatal accident because of this. She feels it's a matter of time before someone gets hit or a head-on collision occurs. She pleaded with Council to work with the County and the State to stop bicycles, mopeds and now golf carts on the Causeway.

Councilman Jester advised that he spoke with Chief Mills about 2 mopeds traveling 30 miles per hour on the causeway toward the Island. He added that there was a long line of traffic passing on double lines.

Mayor Tarr stated that mopeds and golf carts are illegal on the Causeway.

Chief Mills stated that golf carts aren't allowed on any road. He added that the low speed vehicles aren't allowed on a road if the speed limit is more than 25 miles per hour. He stated that there is no law that stops a bicycle from driving there. He doesn't believe that there is a law about mopeds but will check into it.

Roads Supervisor Fitchett stated that there used to be a minimum speed posted of 45 miles per hour.

Chief Mills advised that if the minimum speed was posted they could enforce it.

Mayor Tarr advised that they sent a letter requesting a minimum speed limit sign to be posted on the Causeway about a year ago. He stated that the engineers conducted a study and turned the request down.

Councilman Frese asked if there was a law regarding the speed limit on a limited access highway. He feels that the Causeway is a limited access highway.

Chief Mills stated that there is none to his knowledge. He explained that this refers to an interstate highway. He stated that the quickest way to get the most results is for the Police Department to visit the local moped rental businesses. He suggested asking them to develop their own policy telling their renters not to ride the mopeds on the Causeway or at least recommend that they don't.

Mayor Tarr asked Chief Mills to research the moped laws.

Chief Mills added that the low speed vehicles are not allowed on the Causeway at all because the speed limit is 40 miles per hour.

Mayor Tarr asked Town Manager Ritter to research the last time the Town sent a letter regarding the minimum speed limit.

There were brief comments.

Mayor Tarr advised that the Town is working on a grant with Accomack County, the Park Service and Fish & Wildlife to get a shoulder/bicycle route on Rt. 175 out the Rt. 13. Councilman Leonard mentioned the TEA-21 Grant "Bikes Belong" to help get a bike path along the Causeway.

Town Manager Ritter reported that the newsletter will go out in this week's Beacon.

Councilman Ellis also asked about the cost of the appeal to the Board of Zoning Appeals.

Town Manager Ritter advised that it is on his desk to review.

Councilman Ellis mentioned the discussions regarding the Waterman's Memorial and getting back with Mrs. Bott.

Town Manager Ritter stated that the actual sign was ordered about a month and a half ago. He added that they are still in the process of having the sign redone. He stated that young Mr. Bott had extra money that will cover the new sign and it will be placed on the hill.

Councilman Taylor stated that Council beats-up on Town Manager Ritter, however he treats the Town and its funds like it's his own. He complimented Town Manager Ritter on a good job of managing the Town.

Town Manager Ritter stated that he didn't want to take all of the credit. He added that the Town has excellent staff.

This Article governs the installation and maintenance of alarm systems, establishes service fees for false alarms and provides a system of administration.

Sec 26-41. - Definitions.

The following words, terms and phrases, when used in this Article, shall have the meaning ascribed to them herein, except where the context clearly indicates a different meaning:

Alarm system means any device or system, including but not limited to an answering service, automatic dialing service or indirect alarm transmittal system, which transmits a signal visibly, audibly, electronically, mechanically or by any combination of these methods which indicates a hazard or occurrence requiring urgent attention and to which law enforcement personnel or firefighters are expected to respond. The term "alarm system" shall not include a personal, direct telephonic call requesting emergency services.

Alarm user or user means the owner or occupant of premises protected by an alarm system.

Answering service means a telephone answering service that receives emergency signals from alarm systems and informs the Eastern Shore of Virginia 911 Communications Center.

False alarms include negligently activated signals, signals due to faulty, malfunctioning or improperly installed or maintained equipment, and signals purposely activated to summon fire, rescue and/or law enforcement personnel in non-emergency situations. False alarms do not include signals activated by unusually severe weather conditions, utility conditions or other causes which the chief determines were beyond the user's control.

Indirect alarm transmittal means any alarm system which causes a third party or answering service to notify the Eastern Shore of Virginia 911 Communications Center of an alarm activation.

Installer means any person who installs, services, monitors, sells or leases any alarm system.

Non-emergency situations means situations where an immediate response to a hazard or occurrence by fire personnel and/or rescue personnel is not deemed necessary to protect life or property.

Sec. 26-42. - Penalty.

Sec 26-45. - Deliberate false alarms.

It shall be unlawful for any person to knowingly activate or cause to be activated an alarm system in a non-emergency situation without just cause.
